Drawn from the Dean’s Office, this document provides focus for the Office of Development over the years 2008-2010.

Mission: It is the mission of the Office of Development to increase private and government funding for Wayne College student scholarships, program enhancements, and campus improvements.

The priorities in this plan derive directly from the initiatives in the Strategic Plan, as identified herein.

Priority 1: Improve students’ financial access to the College by growing scholarship resources and developing new and enhanced sources of revenue (grants, endowments, etc.). (1A)

A. Increase overall scholarship funds for the next three years through private gifts/grants for Wayne College and the Holmes County Higher Education Center.
B. Establish a campaign for scholarship, programming/academics, emerging priorities and campus improvements.

Priority 2: Enhance the effectiveness and fiscal health of current off-site educational programs. (6D)

A. Secure and enhance local support for the off-site locations (Holmes County Higher Education Center).
B. Establish new connections and relationships in Holmes County for potential gifting opportunities.

Priority 3: Increase both private and government funding for facility and technology development. (9A, 9B)

A. Secure a total of $2.5 million in support of the new Student Center project by December 2009.
B. Secure $2 million in support of the new science center facility by December 2010.
C. Secure funds for the new building needs at the Holmes County Higher Education Center.
