

Changing Your UAnet ID Password

1. Go to this website address: <https://gozips.uakron.edu/zid/app/>
2. Log in with your UAnet ID and Password (old)

You should see the following page:

Information Technology Services

UAnet Services

Your password has expired. You will have to change it before you can proceed. You will not be able to log in to any system on campus with your UAnet ID until you change your password.

When you change your password, please follow these suggestions:

1. Passwords must be at least 8 characters long
2. Passwords must include a combination of at least 1 letter and 1 number
3. Passwords must NOT be a word or name since these can be easily guessed
4. Change your password at least twice per year

Remember! DO NOT GIVE YOUR PASSWORD TO ANYONE! Giving your password to a friend is a violation of the [acceptable use policies](#).

UAnet ID:

Old password:

New password:

New password (again):

3. Fill in the form with your UAnet ID, old password, new password (x2)
- Note: New passwords must be at least 8 characters long and must include a combination of at least 1 letter and 1 number

You should see the following page:

Information Technology Services

UAnet Services

Password Change Message

Your password has been changed. Do not give your password to anyone including employees of the University of Akron. No one needs to know your password even to assist you with problems using the University's services. If someone claims to work for the University and claims to need your password, report this to [Support Center staff](#) immediately.

Login to [main UAnet Services page](#)

4. Click the link that says: "Login to main UAnet Services page"
5. Log in with your UAnet ID and Password (new)
