

To use the Podium

1. Turn on the computer (if not already on).
2. Log in.
3. Touch the screen of the AMX Touchpad.
4. Press the "System On" button. If the system is on, press the "Device Menu" button instead.
5. Select the device you wish to use.
6. If the device you chose has a "Preview" and a "Program" button, then be sure to press the one which displays as you would like. "Preview" will display on the monitor and "Program" will display through the projector.
7. When you are finished with a device, press "Close Page" to return to the Device Menu.
8. When you are finished with everything, touch the middle of the Device Menu screen to return to the beginning.
9. Press "System Off".
